

# 15" Touch Industrial Tablet PC

## 15" Touch Industrial Tablet PC

- 15" liquid-crystal LED display , ten point capacitance touch screen , brightness≥350 cd/m2
- Resolution : 1024(L) × 768 ( V )
- Intel i5 3360M processor , 8GB DDR3 memory , 2x256GB SSD
- Integrated network card and sound card , support 2x LAN ; Speaker, MIC-IN
- VGA+DVI display output , support dual independent dual display
- 4x USB2.0、 4x COM port、 1x KB/MS
- Fanless design , energy saving and environmental protection, standby power<1W

### Interfaces:

### Specification:

Model	15" Industrial Tablet PC	
Screen size(Aspect Ratio)	15"(4: 3)	
Model	NORCO 15" Industrial Tablet PC	
Overall Appearance	Professional industrial touch integrated machine with aluminum panel shell, attractive appearance, excellent in heat radiation.	
Display features	Screen	liquid-crystal LED display
	Panel Size	304(H) x228(V)
	Resolution	1024(L) × 768 ( V )
	Color(Max)	16.77M
	Brightness	≥350 cd/m2
	Contrast Ratio	≥1000:1
	Angle of View (Degree)	165° ( U/D/L/R)
Compatibility	VGA/SVGA/XGA	
Configuration	CPU	I5 3360M, number of cores: 2, number of threads: 4
	Motherboard	MITX-6922
	Sound Card	Realtek ALC662,HD AUDIO
	Network Interface	Intel 82579LM/82583V, 10/100/1000Mbps, 2x LAN
	Memory	8G, DDR3 1600MHz, SO-DIMM
	HD	2x256GB SSD, reading 550MB/S,writing 540MB/S
	OS	WIN7 Professional Edition, 64-bit
	USB port	4x USB2.0
	HDMI output	1x DVI-D, maximum resolution:1920x1200
	VGA output	1x VGA, maximum resolution:2048x1536
	Audio output	Dual track, high definition speaker
Touch writing system	Mic-in	MIC-IN
	COM port	3x RS-232, 1x RS-232/422/485
	Integration	built-in, embedded
	Touch	Capacitive Touch Screen
	Writing Methods	Finger, Stylus
	Response Time	5ms
	Positioning Accuracy	±1.5mm
	Touch Resolution	4096 × 4096
	Effective touch recognition	>5mm
	Computer Response	Automatic system recognition
Communication Mode	Full speed USB	
Other features	Support automatic shutdown, sleep timing, etc.	
	Support HDCP ( HDMI )	
Wall hanging / landing frame ( optional )	Energy saving and environmental protecting, standby power consumption<1W	
Power	Wall hanging (with expansion screws)/ Installation of ground support for convenience of movement	
Whole machine	Input: AC 100-240V 1.5A 50/60Hz; Output: DC+12V 5A	
Power saving	Normal < 45W	
Service Life	Lower < 3W	
	> 60000hours	

NORCO can customize the development of various types of tablet PCs according to the customer's needs, including increasing the customer's hardware equipment, increasing the interface, and customizing various appearance structures according to the customer.

The products can be widely used in various application fields such as POS machine, automatic teller machine (ATM), ticket vending machine, self-help ticket machine, self-help recycling machine and self-help library, and provide various special computer core boards for all equipment manufacturers.

## PPC-3615

### 15" Touch Industrial Tablet PC

Ten point capacitance touch screen  
Support Intel Socket G2 Mobile Sandy/  
Ivy Bridge i7/i5/i3 processor
